THIRD QUARTER VI

“A new way to do charitable giving’ - what an engaging presentation from Janet Hay, a Member of the Rotary Action Group for Micro-finance and Community Development. I am confident our club will reappraise our charitable contribution methodology as a result of this enlightened approach.

And how good was it to have as many members and guests as were present to share this experience. Thank you Janet and a big thank you to Cynthia for her initiation into the role of Chairperson.

Greg King, RC Manningham, who is a presenter and driving force of 96.5 Inner FM Community Radio was also with us and will return as a luncheon presenter in due course.

I can’t miss this opportunity to welcome “back” Giuseppe and his sense of goodwill and general good humour, missed over the previous months.
THIRD QUARTER VI cont........

Golf Days are certainly still in vogue with Mary from Melbourne Central promoting a “Social 9 Hole Competition” at Ivanhoe Public Course on Friday 29th March on behalf of Rotary Clubs – Fitzroy/ Hawthorn/ Melb. Central. Of course, our very own Charity Golf Day occurs four days earlier and by all accounts will be just as well organized and supported as in past years. The Dinner (RCH Meeting 2827) following the afternoon play looks likely to be an entertaining event all of its own.

As no meeting was held Public Holiday Monday, this provides members with a contingent credit of $22.00 which can now be spread over the next 7.3 meetings to cover the increased luncheon cost – NOW $25.00.

Look forward to your company Monday 18th Luncheon Meeting at Vasko.

Eradicating Polio

Prevention

There is no cure for polio, it can only be prevented. Polio vaccine, given multiple times, can protect a child for life.

Global caseload

Wild poliovirus cases have decreased by over 99% since 1988, from an estimated 350,000 cases in more than 125 endemic countries then, to 33 reported cases in 2018.

Of the 3 strains of wild poliovirus (type 1, type 2, and type 3), wild poliovirus type 2 was eradicated in 1999 and no case of wild poliovirus type 3 has been found since the last reported case in Nigeria in November 2012.

Please Note: Ken Norman always seeks to finalize numbers by Monday 10.00am by collating responses about attendance at that day’s meeting. So please try to telephone or email Ken by that time; and, at the same time, forewarn of any guests. (Predicting our numbers as closely as possible helps to minimise our catering costs)

Ken also collates the attendance information. He needs to know of “make up” events
